

Dear Lord

C Am
Dear Lord
C Am
please hear my prayer
C Am
hold me tight
C Am
I know you are there

F Em
my heart is breaking
F Em
lover is gone
F Em
he has been taken
F G
and I am alone

C Em
Lord if you love me
C Em
please hold my hand
C Em
I have such sorrow
C G
and I don't understand

why I shared my life
all of those years
to die in this room
alone with my tears

I've been forgotten
no one comes by
I stare out my window
I pray and I cry

Refrain

I hear him call
sweetly out my name
I know he is gone
I hear him just the same

a lifetime of memories
hang from the walls
the sound of his laughter
echoes down the halls

Refrain

how long O' Lord
before you take me home
to spare my heart the pain
of being all alone

flowers have a season
then wither and die
still I must lay here
and I don't know why

Refrain
