

## Have You Seen Him

A

In a darkened land

D        A

a light has shown

A

a humble man

D        A

who walks all alone

A

a hurried world

D        A

too busy to see

A

the gentle spirit

D        A

who calls out to me

D        A

have you seen him

D        A

he walked alone

(cried, lived, died)

D        A

a friend forsaken

D        A

a love unknown

days are long

too lonely to bear

he'd still live

if our Lord had been there

all alone

since our brother he died

he saw our pain

the teacher he cried

Refrain

with a shout

he called forth his name

and from the grave

our brother he came

all the pain

was quickly erased

with tears of joy

we kissed and embraced

at His feet

I humbly will fall

my pride my will

He's taken it all

fragrance of life

it covers my fears

and with my hair

I dry off the tears

Refrain
