

Let All Creation Sing

G D Em
let all creation sing
G G Em
of the wonders of the Lord
G D Em
let all creation bring
G D Em
praise unto the King

G D Em
I hear His praises now
G D Em
in the wonders of the world
G D Em
all creation does declare
G D Em
the glory of the Lord

Am G
sun a rising
Am G

moon so high
Am G
stars in heaven
Am D
light the sky

Refrain

birds call softly
love on the wing
a gift from our Father
and to the Lord they sing

Refrain

hills rise steeply
peaks that touch the sky
streams flow unending
echo with the cry
