

Someday Soon

G C
Someday soon and I don't know when
G C
my Lord is going to return
G C
and all the things that just don't make
sense
G C
I'll have a chance to learn

G C
there's a lot that I don't understand
G C
but there's a lot that I do
G C
the father of lies tries to keep me blind

G C
but I've already found
G C
and I know that it's sound
G C G
I've already found the truth

C G
love the Lord with all of your heart
C G
love Him with all of your soul
C G
love the Lord with your mind and your
strength
C C G
and love your neighbor whole

C G
if we would do what we already know
C G
not argue what we don't understand
C G
there'd be no time for confusion within

C G
we'd only have time
C G
we'd only have time
C G D
we'd only have time to love a man

how many days are left to us now
how many hours do we have
a flickering light in a darkened world
and I can hear Satan laugh
we don't agree on all that is said
but remember who the enemy is
if Christ's body unites in love
then this flickering light
can become a great light
we all know enough to please God

Refrain

should I be sprinkled or just emersed
talk from a foreign land
is grape juice enough or must it be wine
should I raise my hands

good questions and very sincere
but where oh where have they led
while buildings get bigger and church
bells ring
the hungry are dying, the lonely are
crying
someone put yeast in the bread

Refrain
