

Sometimes When I Awake

G C
Sometimes when I wake up
G
and face another day
C
I feel like turning over
G
and hope it goes away

some days have more heartache
than I really need
tears begin to flow again
and I begin to dream

G Am G
and I dream of a time
G Am G
far away, in my mind
G Am G
no more sadness, no more pain
G Am G
so much love, all in vain
G Am G
and I dream of a place my Lord
G Am G
where I won't cry no more

sometimes when I'm feeling down
and I'm on my own
can't find a caring heart
guess I walk alone

I keep looking for someone
and never understand
the love that I've been looking for
lies in another land

Refrain

sometimes when I look around
and open up my eyes
just to see the way we live
I have to wonder why

children die in their mothers arms
old men walk the streets
girls who will sell their souls
the hymn doesn't miss a beat

and I dream of a time
far away in my mind
no more sadness, no more pain
too much love Lord, all in vain
and I dream of a place my Lord
where I won't cry no more
is there such a place my Lord.
