

Going to Take My Life

G C
Going take my life
G D
and give it to the Lord
G C
can't go on this way
G D
no not any more

G C
roller coaster of life
G D
been taking me for a ride
G C
time to take my life
G D G
and give it to the Lord

C G
one day and I'm up now
C G
next day and I'm down
C D
trying to walk a straight line now
C D
find I'm spinning round

C G
I see a ray of sunshine
C G
coming to light my way
C G
a cloud intercepts now
C D
it's going to be another rainy day

worrying about the future
regretting times that are past
turn around to find now
today it does not last

no time keeps on a moving
faster than I can run
feel like I'm just getting started
to find I'm almost done

Refrain

out on the sea of emotion
by every wave I am tossed
trying to keep from sinking
I do believe I am lost

a lifetime of confusion
which way should I go
there's no way of knowing
just where the wind will blow

Refrain
